

UIS SCC (Safety Cable Cutter)

The safety cable cutting system from UIS, approved with the trade associates, is able to safely cut live Cu/Al cables with a rated voltage of up to 60Kv, even if a fault occurs. The cutting operation process is carried out using two powerful and durable 5 Ah Lithium-Ion rechargeable batteries. The remote control ensures increased comfort and optimised control during the cutting operation. The quick release coupling located on the hydraulic pump allows various cutting heads to be quickly and simply connected to the pre-mounted hydraulic hose.

Key Benefits:

- Safely cut live or dead cables from up to 10M away
- Quick and simple installation
- Durable & robust, designed to withstand harsh environments and conditions
- Cuts cables up to 120mm in diameter
